**Subject:** Block 89 Rally Update

We continue to expect some level of protests here at Block 89 due to political issues involving a Block 89 tenant. Leaflets are encouraging a gathering at 3:45pm. We hope that gatherings will be outside; however, we are prepared to address trespassers inside our buildings.

Our preference is to keep the buildings open and public. As a security measure for tenants and their employees; however, Urban Land Interests does anticipate locking all exterior doors, parking ramp elevator lobbies and elevator access this afternoon at an appropriate time. We encourage all employees to carry their building access fobs. With fobs, employees will be able to come and go. If you have guests arriving, they can gain access using the building intercom system on the exterior of the buildings or at the P1 Visitor parking level. We will endeavor to assist legitimate visitors and clients in finding you. Additionally, you can individually meet and escort guest arriving at building lobbies.

The Madison police and ULI staff will be keeping automobile traffic moving in and out of the Block 89 Parking Ramp, however there may be some delays exiting the ramp after 4:00pm today.

We apologize for the inconvenience to you and your guests.

**-Urban Land Interests**
