Narrative:

Updated 2/14/2011 9:36:22 AM by 2319: I have received no update from DCSO and find no policy violation on the part of the MPD officers involved. I am closing the incident and will reopen it when I hear back from DCSO.

Updated 1/5/2011 2:21:21 PM by 2319: I was contacted by phone by DCSO Sgt. Craig Vander Molen, who advised me that [REDACTED] had been transported by PO's [REDACTED] and [REDACTED] to the Dane Co. Jail after a disturbance. The movement team was requested during the transport, and during the process of removing [REDACTED] from the squad car and placing him in restraints, multiple blows were administered by deputies. [REDACTED] has recently been medically treated, and has a diagnosis of a [REDACTED]

I have read the reports by PO [REDACTED] and PO [REDACTED], and reviewed the squad video from squad C412. The reports document [REDACTED] striking his face on the trunk of the squad, damaging the antenna. PO [REDACTED] also documented the application of a knee strike to [REDACTED] thigh. PO [REDACTED] documented [REDACTED] striking his head against the shield in the squad during transport, and this is clearly visible in the video.

I have received the deputy reports for the incident from Sgt. Vander Molen. He will provide video from the sally port when it is available.
