District 20, Madison Common Council

"Common Sense for the Common Council"

The Madison Trolley is a street car named *Un-Desirable*

- Won't stop in front of our homes here in District 20
- Costs \$10- to \$20 million a mile; the city has already spent \$300,000 of local tax dollars on "studies"
- Does nothing to solve the Verona Road traffic bottleneck
- Pollutes the sky with overhead electric wires
- *Is a symbol of misplaced priorities of a city government dominated by the Downtown Madison clique.*

I'm not afraid to stand up for common sense and against partisan agendas. I say:

- NO to taxpayer-financed political campaigns
- NO to a city income tax
- *NO to the partisan politics that divides our community*

I say YES to bringing vital services to District 20:

- Yes to cost-effective, tax-efficient government that serves people
- Yes to a strong law enforcement presence to combat crimes against people and property
- Yes to snow plowing and fixing potholes
- Yes to express bus service and bike paths
- Yes to park maintenance and mowing
- Yes to safe, drinkable water
- *Yes to all the good things that make life in Madison, WI so wondrous*
